

Conditions for participation

Offer

The courses offered are published twice a year at the beginning of the new semester. The registered doctoral students of the TU Ilmenau are also informed about the current offer by e-mail.

Target group

The free course offer is reserved for young researchers at the TU Ilmenau.

Registration

All courses will open simultaneously for online registration on [Turm II](#). Course registration is via registration link, unfortunately registrations via email cannot be considered. When you register for a course, you will receive an automatically generated message confirming that your registration has been submitted. Please also use the waiting list function. As soon as a cancellation occurs, you will automatically move up. You must make a firm commitment to attend your chosen course, as by registering you are committing yourself to attending the entire course.

Please note that the registration deadline for the individual courses is usually two weeks before the start of the course. At the latest five days before the course starts, you will receive detailed information about the course by e-mail.

There is a minimum number of participants for the courses. If there are not enough registrations, the course will be cancelled. If you are registered, you will be informed by e-mail about the cancellation of the course.

Withdrawal, absence or incomplete course

Participants are requested to cancel their participation in a course as early as possible via the cancellation button if participation is not possible. This also gives those on the waiting list a chance to participate. Cancellations are possible until the end of the registration period. For reasons of fairness, course participants who cancel their registration later, are absent without excuse or attend the course incompletely will not be considered for course registration in the next semester and will be removed from other courses in the same semester.

If a compelling, unforeseeable or unavoidable impediment occurs after expiry of the deregistration deadline, the Graduate Center (graduate-center@tu-ilmenau.de) must be informed immediately and without being asked.

Certificate of participation

Certificates of attendance will be handed out to participants after a successfully completed course, in the case of online courses they will be sent via in-house mail. The prerequisite is complete participation and completion of all assignments (including homework, if any).

Creditability of the courses

One work unit corresponds to 45 minutes. The work units are noted on the certificates of participation. All courses of the interdisciplinary qualification programme can be credited for the certificate "Leadership in Science".
