

Doctoral Student Council

With the amendment of the Thuringian Higher Education Act in 2019, the doctoral students' representation was introduced at TU Ilmenau. Since then, the Doctoral Student Council has represented the interests of all doctoral students at TU Ilmenau. It fights for better working and general conditions during the doctorate and deals with state and university policy issues that specifically affect doctoral students. It is entitled to send representatives to all university committees.

The Doctoral Students Council actively promotes the networking of doctoral students within the university. For this purpose, it operates a Discord channel.

GRADUATE
CENTER
TU ILMENAU

WELCOME TO THE TECHNISCHE UNIVERSITÄT ILMENAU!

Your start into the doctorate

A warm welcome!

Welcome to the TU Ilmenau. We are delighted that you would like to do your doctorate at our university. With our welcome package, we would like to make it easier for you to start this new phase. At TU Ilmenau, you can expect many offers to support you in your work on your doctorate. In the following, we would like to briefly introduce our services and contact points.

Graduate Center

During your time as a doctoral student at TU Ilmenau, we will accompany and support you above all in the area of transferable skills, e.g. with the interdisciplinary qualification programme, the "Leadership in Science" certificate programme, through coaching and career advice. As a contact point for all doctoral students, we also bring together the university-wide offers.

Services for the start

Information and counselling

The Graduate Center advises you on the planning and implementation of your doctorate.

<https://www.tu-ilmenau.de/en/research/scientific-career/graduate-center>

Career and further education

Visit the qualification programme for doctoral students and acquire transferable skills. We also advise you on the certificate programme "Leadership in Science".

<https://t1p.de/r5b8z>

Research funding

The advisory team of the Division of Research Service and Technology Transfer will support you in your search for financing and funding opportunities.
