- previous granting of Germany's scholarship (Deutschlandstipendium) at Technische Universität Ilmenau

The decision on granting the scholarship is based on the consideration of the mentioned criteria according to the evaluation system valid at the university. Only complete applications will be considered for selection.

Granting the scholarship

Information on the approval of a Deutschlandstipendium will be provided in mid-October.

The scholarship is granted for two semesters (duration of the scholarship). Before the period expires, a new application for subsequent granting of the scholarship can be submitted within the new application period. The scholarship can only be granted by the end of the standard study period (Regelstudienzeit), which is the maximum support period (Förderungshöchstdauer). According to § 4 StipG, Germany's scholarship (Deutschlandstipendium) is not granted in case of any other skills or performance related scholarships provided by other institutions (exclusion of double funding). This decision does not apply to grants of 30 euro per month (minor limit). The scholarship is only granted when the certificate of enrollment for the requested period is submitted by **15. October** at the latest.

Payment of the scholarship

Payment is made as soon as and to the extent of the availability of sufficient public and private scholarship funding. Based on the awarding decision, the scholarship is paid in monthly allocations always monthly from the beginning of the period granted. The scholarship is paid independently and does not refer to any income or the parents of the student in question, and it does not influence the amount of BafÖG paid.

The first payment will be made retrospectively in **December** - after the awards ceremony in **November**.

It is expected that the grantees will attend 1-2 events in the form of grantee meetings or other participate in events of the scholarship system per semester.
