

Requirements for Collaborative Design : a practical approach

TFC Model driving global project topics

Collaborative Design Project 1 – 6 months
6 students
2 universities
PLM – CAO – Project Management

Evaluation of the need – 6 months
-Schema of the data to be shared
-Development of a CARDAT prototype

Collaborative Design Project 2 – 6 months
- 6 students
- 2 universities
- PLM – CAO – PM - CARDAT

Bibliography

Conclusion

Design Study and CARDAT Prototyping
