

Reflection form Certificate Leadership in Science Module 2 "Consolidation & Reflection"

This reflection form is used to document all achievements for recognition in Module 2 "Consolidation & Reflection" of the "Leadership in Science" certificate. The experiences made should be reflected upon. Module 2 consists of a total of 10 work units (WU). You can choose two of the following options of 5 WU each:

- Participation in career counselling service
- Participation in collegial counselling
- Collegial job shadowing your lectures

You are always free to make your own suggestions. They should fit the topic and not take more than 5 WU (1 WU equals 45 min).

Reflection of the achievements

Please answer <u>all</u> questions in the following free text fields with at least 3-5 sentences. Write in continuous text and from the first-person perspective.

1. What were your personal goals when you attended module 2? (in total or related to a single event)

2. Formulate three central ideas, approaches or insights that participation in module 2 has given you.
