

This reflection form is used to document all achievements for recognition in Module 3 "Transfer to Practice" of the "Leadership in Science" certificate. The experiences made should be reflected upon. Module 3 consists of a total of 30 work units (WU). You can choose two of the following options of 15 WU each:

- ❖ Submission of a conference contribution
- ❖ Submission of a poster contribution
- ❖ Submission of a scientific article
- ❖ Supervision of a student thesis
- ❖ Teaching project

You are always free to make your own suggestions. They should fit the topic and not take more than 15 WU (1 WU equals 45 min).

### Personal details

Name:

Faculty:

Department:

Ilmenau,

### List of Achievements

Please list in the table below all the events you have attended and that you would count as module 3 and, if possible, assign them to the appropriate area. In case of a poster contribution, please submit it as a PDF or photo. The planning and implementation of a lecture can be documented with the corresponding constructive alignment (synchronization of the learning outcomes, the methods used by you and the planned examination performance) and evaluation results.

	Theme	Date	Proof
Conference			
Poster			
Article			
Student thesis			
Teaching project			
Own idea			

### Reflection of the achievements

Please answer all questions in the following free text fields with at least 3-5 sentences. Write in continuous text and from the first-person perspective.

1. What were your personal goals when you attended module 3?  
(in total or related to a single event)

2. Formulate three central ideas, approaches or insights that participation in module 3 has given you.

5. How do you apply the learning outcomes of module 2 in your work?
