1. INTRODUCTION

These guidelines include some descriptions of the fonts and related information for producing your full papers.

2. FORMATTING YOUR PAPER

All printed material, including text, illustrations, and charts, should be printable on 210 * 297 mm white A4 printer paper.

3. HEADER AND FOOTER

Please use the header and the footer as it is shown in this document.

You will get your personal Uniform Resource Name (URN) after the notification of the acceptance of your Abstract by the International Scientific Committee.

4. PAGE TITLE SECTION

The paper title (on the first page) should be centered, completely capitalized, and in Times New Roman 12-point, boldface type. The authors' name(s) and affiliation(s) appear below the title in capital and lower case letters. Papers with multiple authors and affiliations may require two or more lines for this information.

5. TYPE-STYLE AND FONTS

To achieve the best rendering in the electronically published proceedings, we recommend you to use Times New Roman font. Use a font that is no smaller than nine point type throughout the paper, including figure captions.

6. MAJOR HEADINGS

Major headings, for example, “1. INTRODUCTION”, should appear in all capital letters, bold face if possible, with one blank line before, and one blank line after.

6.1 Subheadings

Subheadings should appear in lower case (initial word capitalized) in boldface. They should start at the left margin on a separate line.

6.1.1 Sub-subheadings

Sub-subheadings, as in this paragraph, are discouraged. However, if you must use them, they should appear in lower case (initial word capitalized) and start at the left margin on a separate line, with paragraph text beginning on the following line. They should be in italics.

7. PRINTING YOUR PAPER

Your paper should be printable on 210 x 297 mm white A4 printer paper. If you create an electronic version of your paper, i.e. a PDF document (**compatible PDF/A**), make sure that all fonts and illustrations are embedded in the document and that the document is not password or otherwise protected.

8. ILLUSTRATIONS, GRAPHS, AND PHOTOGRAPHS

Caption, number and reference every illustration.

REFERENCES

List and number all bibliographical references at the end of the paper. The references can be numbered in alphabetic order or in order of appearance in the document. When referring to them in the text, type the corresponding reference number in square brackets.
