## Admission to degree course

### Explanations of the document

Applicable fields have been ticked. Help with understanding this certificate can be found in the following [document](#).  
As an international applicant, please use this document for submission to the missions (embassy / consulate) abroad of the Federal Republic of Germany to apply for a visa for study purposes.

In this document, only the checked boxes apply to you.  
Empty boxes are not valid and are of no importance for your admission.

**Applicant**      **ID 84404**  
BW 54368  
**Last name, First name**  
D.O.B.: 01.01.1900  
Nationality: Deutschland

This section contains your personal data:

Applicant number, application number, last name, first name, date of birth and nationality

**Course of study**     Bachelor                       Master                       Diplom-Ingenieur

**Research in Computer and Systems Engineering**

Field of study:  
Language of instruction: English  
Standard length of study: 3 semesters

This section contains information on the degree program for which you have been admitted:

Academic degree, major, if possible concentration, language of instruction and standard length of study

**Validity**                      This document was generated electronically, contains four pages and is valid without signature. If the **enrolment in the course of study** does not take place **in one of the following semesters** according to the possible start date of the respective examination and study regulations, this admission loses its validity.

**WS 2018      SS 2019      WS 2019      SS 2020**

This section contains information about the validity of your admission. Admission is valid within the four semesters mentioned.

**WS** = Winter semester (from 1. October to 31. March)  
**SS** = Summer semester (from 1. April to 30. September)

If you have been **admitted without any conditions**, you can enrol directly in the course of study / major during this period.

In the case of **admission with conditions**, you can enrol **after you have met the conditions** in the course of study / major during this period.

---

**Enrolment**

**Directly in studies**

**After fulfilling the conditions** page 2

**Postal** by letter post

**In person** in the enrolment office

Enrolment is possible **at any time with effect from one of the a.m. semesters**.  
The following dates are recommended for personal enrolment.

Dates:	24.09.2018	25.03.2019	23.09.2019	23.03.2020
	until	until	until	until
	05.10.2018	05.04.2019	04.10.2019	03.04.2020

Location: **Ilmenau** - Academic Service Center at the TU Ilmenau

This section informs you whether you

- can start your studies directly

or

- must first participate in a course of study preparation.

Please note the possible start time of your studies in your course of studies.

**Bachelor** courses start in the **winter semester**.

**Diplom-Ingenieur** courses start in the **winter semester**.

**Master** courses start in the **winter semester**.

**Some Master** courses start in the **winter and summer semester**.

If you start your studies directly, please arrive within the specified period of enrolment. Only during this period, the university will assist you in all organizational matters. Arrival is also possible after this period. Please note that the semester will have already been started by then.

**Dates**

The **semester key points** can be found at [www.tu-ilmenau.de/studierende/studium](http://www.tu-ilmenau.de/studierende/studium)

Under this link can be found the current dates, especially in the case of postponements after the admission has been issued.

---

**Arrival**

Information on traveling from abroad can be found at [www.tu-ilmenau.de/en/arrival](http://www.tu-ilmenau.de/en/arrival)

This link provides important information on arrival, accommodation and enrolment.

---

Please also **read the following page** with the **obligations and conditions** of your admission.

### Obligations

Obligations must be met by the applicant **alongside the study course**, that is, concurrently to the studies.

**Passing the Bachelor examination**

Explanation:

Due to the proximity in the time of your Bachelor's degree, admission to the Master's program was granted without a university entrance qualification in accordance with ThürHG.

You must prove that you have met the obligation by the end of the first semester of your Master's program. If the proof is not provided, this admission expires retroactively.

**Additional examinations**

Explanation:

You have passed the Master's aptitude test provisionally and have received professional obligations amounting to a maximum of 60 credit points (see [examination notice of the Master's aptitude test](#)).

You must prove that you have met the obligation by registering for the Master's thesis. If the proof is not provided, this admission expires retroactively.

### Conditions

The applicant must fulfill the conditions **before enrolling in the study course**.  
The enrolment in the study course is only permitted after the conditions are fulfilled.

**Proof of language level C1** (Common European Framework of Reference for Languages)

**German**

**English**

Explanation:

Your language skills are not yet sufficient for participation in studies.

You have the opportunity to improve your language skills by attending courses offered by the TU Ilmenau Service GmbH or by attending courses of any language institute in Germany to meet the condition of this admission by proving the above language level.

The TU Ilmenau Service GmbH offers language courses for the acquisition of language level C1. You can find information about the organization and the course of the language training [here](#).

**Passing the Feststellungsprüfung** (assessment test, Studienkolleg)

**W-Course**

**T-Course**

Explanation:

Your university entrance qualifications (HZB) acquired in your home country is not recognized in Germany.

By attending a Studienkolleg in Germany, you have the opportunity to acquire an HZB recognized in Germany and, by passing the Feststellungsprüfung at the Studienkolleg, to meet the conditions for admission.

The Staatliches Studienkolleg Nordhausen offers the opportunity to prepare and meet the assessment test.

You can find information about the organization and the course of the language training [here](#).

**Passing the Master's aptitude test** (TU Ilmenau)

Explanation:

Your professional aptitude is not yet sufficient to pass the Master's aptitude test.

You have the opportunity to acquire the professional requirements (see [examination notice of the Master's aptitude test](#)) by attending preparatory courses at the TU Ilmenau and, by passing the Master's aptitude test, to meet the condition for admission.

Information on the organization and results of the Master's aptitude test can be obtained from the examination offices of the university's departments.
